Fixed Wall Mounts

FiXiT

• Ultra flat Wall Mount for flat LED TV screen
• Extra-flat: screen placed as close as possible to the wall: 16mm vs 30mm for conventional wall mounts
• Easy setting®: Adjustment of the horizontal settings of the wall plate - Possible after drilling thanks to a patented elliptical system. Easy installation system: Only 1 person required!
• Level Check: Integrated spirit level - To make sure the wall mount hangs perfectly straight when drilling
• Secure®: Security system to prevent fall - With automatic locking of the screen. Adjustable length and locking string
• CLICK! : Locking system of the screen attachment plate onto the wall plate
• Compatible with screens on which the plugs and inputs are perpendicular to the panel thanks to extra spacers included
